SRF

Gentlemen:

This office has been requested to conduct a study of health hazards in an industry in this State which uses your product known as "Therminol."

In order to determine the possible factors which may cause any toxic or allergic manifestations, we would like to know the chemical constituents and percentage of ingredients used in the making of your product. Would you kindly forward this information, which will be held in strict confidence by this office.

Very truly yours,

E. Lynn Schall
