PAROLE RESCINDED

The parole board also rescinded the future date parole of Mrs. Louisa Northcott, 74, ex slayer of 11-year-old Walter Collins on her Wineville "murder farm" near Riverside. She was sentenced to a life term in 1928. Her son, Gordon Stewart Northcott, was hanged for his part in the crime.

The application of Mrs. Maria Marshall, Marin County ranchwoman convicted of the "bludgeon slaying" of her husband, Benjamin F. Marshall, was postponed 80 days by the board.

She was sentenced to serve a one to 10 year term on manslaughter charges in February of this year. The jury found her guilty of second-degree murder, but Trial Judge Anthony Caminetti Jr. reduced the charge after hearing secret evidence in chambers.

POET MUST SERVE

The application of Roberta Hall, Los Angeles forger with a prior conviction, was postponed a year. She has gained fame as one of the "caged poets," and her verse has been widely printed. Recently, she made good several checks to Carmel merchants.

The board denied the application of Mrs. Bernice ("Bobbie") Foley, 38, San Francisco waitress, who chloroformed her two small children, Robert, 6, and Patricia, She said she had planned to commit suicide after the slayings, but was prevented from doing so by police. The murders occurred May 24, 1931.
