Q Is it your understanding there is also a lot of heat in there?

A Yes.

Q It is pretty intense heat, isn't it?

A Yes, it is.

Q Now, again, back what I was asking about, oftentimes because of the wear down of the lining, it would be difficult to tell when you were taking out the old lining who actually manufactured that old lining?

A Yes.

Q Okay.

EXAMINATION

BY MR. THOMPSON:

Q Is it fair, and I think you already testified that Foreign Motors sold mostly foreign cars; is that right, European and Japanese cars?

A Yes.

Q And it's fair to say, is it not, that the repairs that you would have done at Foreign Motors, pretty much about 60 percent of your time was spent
