A Lasting Beauty Treatment for Your Home

Brick stucco, and concrete look so much more beautiful when painted white or in colors with S-W Stucco and Concrete Paint. And they need the added protection too. This fine water-tight oil paint stops penetration of rain and moisture completely. Keeps the house dry inside. Hides small cracks. Has a beautiful, long-lived semi-gloss finish.

S-W Stucco and Concrete Paint costs no more to apply than perishable "lime washes" which fail to give you either lasting beauty or protection. Why not get double value for your money.

Eight attractive colors—see them at our store today.
