Mrs. Maxine Watt
San Mateo County
Coronor's Lab.
200 Edmond Road
Redwood City, Calif. 94062

Dear Mrs. Watt:

This is to confirm your June 13 telephone conversation with our Mr. R. N. Dion. As Mr. Dion stated, we consider our formulas as confidential proprietary information but released the formula for 36088 thinner to you upon your direct request as a representative of the San Mateo County, California, Coroner's Laboratory. It was given to you solely for your use in your medical investigation and with the understanding that you would not disclose it to others.

The formula for 36088 Lacquer Thinner is:

Acetone	15.%
Methyl isobutyl ketone	6.%
Isopropyl alcohol	12.%
Cellosolve Acetate	3.%
Toluene	64.%

CONFIDENTIAL

N38290

I trust that this information was of help to you and will appreciate your cooperation in protecting our trade secret information.

Very truly yours,

E. E. Swain, Jr.
Toxicity Coordinator

EES:psb

P.P.S. - Information was needed for aid in autopsy. Mr. Jack Dudley, deceased, allegedly had poured 3608S over socks in a bowl and deliberately inhaled the vapors. He was dead when discovered in his locked room.
