Copy to Messrs. Limerick, Matthews, Sell, Lasicoski *Reference*

Subject [illegible] - APRIL, 1965

April, 1965, Asbestos Fibre Sales totalled 1123 tons - dollar value $105,279.34.

Comparison with April, 1964, and year to date as follows:

	April, 1964	April 1965
Tons	1,757	1123
Dollar Value	$120,866.14	$105,279.34
	Jan. - Apr. 1964	**Jan. - Apr. 1965**
Tons	5,531	5,544
Dollar Value	$455,343.68	$490,236.20

Export tonnage, of record, has been placed on a firm milling schedule, but release of tonnage has been temporarily delayed, due to inability to obtain "bottom space" via U.S. vessels, from the Port of Boston and/or New York.

Export orders, of record April 30, 1965, are as follows:

Grade		
	3T	147 Tons
	3Z	100
	4K	892
	4T	110
	5D	320
	5R	267
	6 D-T	142
	7T8	300
	7M	300
	Total-	2578 Tons

Rocher fibre sales continue to exceed milling capacity levels, thus, orders for Group 3 fibres (3T 4Z) continue to lag. Our customers are concerned, due to our inability to fill balance of 1964 commitments.

Grades 4K5 fibres continue in "short" supply, and, at present, interplant requirements, for the most part, are being supplied from Canadian mines.

Subject [illegible] - April, 1965

Grade 6D fibre supplies are once again at a "high level," and while additional supplies were to be used inter-plant, we, as yet, have not received this relief. We continue to develop interest in both Germany, and to domestic brake lining outlets, but to date, actual tonnage released, is limited. Approximately 600 tons 6D fibre is stored in outside storage areas.

Group 7 fibre, excluding Grade 7M, are in balance. We experienced a healthy sales volume in 7M during April, 1965, but due to required six (6) day operation, we made little progress in eliminating "surplus" outside storage stocks of 7M fibre. (approx. 550 ton stored outside.)

The estimated dollar values listed April, 1965 ($170,000) was not attained, due to the adjustment of Export tonnage, as related above. We hope to correct this situation during the months of May and June, 1965.

Estimated Sales, May, 1965 - 2200 Tons - $182,000

New accounts, April, 1965 - two (2)

New accounts, year to date - five (5)
