The following features distinguish and immediately prove the superiority and greater economy of

MONARCH 100% Pure PAINT

1. 100% purity, formula subject to chemical analysis appears on each can.
2. Extra heavy body, white and light tints weigh 18 pounds per gallon.
3. Covering capacity, spreads with a heavy protective body 450 square feet per gallon for two coats, requiring a less number of gallons per coat.
4. Reduction Properties, its extra heavy body, combined with superior purity, permits being reduced with half gallon pure linseed oil to each gallon paint.

As a result of its 100% purity MONARCH PAINT will more effectively resist the destructive influence of salt air atmospheric conditions so prevalent in this climate than any other brand of paint sold on the Pacific coast.

PURCHASING IN CARLOAD QUANTITIES enables us to quote you the lowest possible prices on your requirements.

Monarch 100% Pure Paint is the Most Economical Paint Material You Can Purchase in San Diego.
