USG-1966

This advertisement appears in *American Home* and *Better Homes & Gardens*—
September, 1953

Here's how to do it faster, easier, better...

USG* ASPHALT SHINGLES Add protection, color, beauty with U.S.G. Asphalt Shingles—they're extra-heavy, extra-strong where weather and wear hit hardest. Fire resistant, too. Attractive colors: solids, Tu-Tones, new pastel blends.

GLATEX* SIDING Never needs painting; fireproof; goes on right over old exterior walls. Attractive glazed finish washes like a dish. Drafts and dampness go out when GLATEX asbestos-cement siding goes up.

RED TOP* INSULATING WOOL Keeps homes up to 15° cooler in summer; saves up to 40% on fuel in winter. Summer comfort, winter comfort—insulating with RED TOP wool gives both. Installs easily.
