Dear Sirs:

Attention Mr. S. F. Gertig

We have to acknowledge receipt of your letter of 7th December and regret that you have received a shipment of Blue Asbestos Fibre with excessive rock content.

During recent months in the course of development operations at the mine, some undesired fibre has been bagged and we are very concerned that some of this material has been exported. We generally accept the rock content of No. 3 Fibre at 8% and propose to credit your account on this basis. The credit would be £44/2.10.0 calculated as under:

Invoice Total		£560.18. 2
Rock Content	25%	
Less allowance	8%	
	17%	
Allowance for extra rock content.		£44/2.10.0

Subject to your confirmation we will deduct £44/2.10.0 from the total charged for your next shipment before drawing a sight draft on your Bank.

Trusting that this adjustment is satisfactory to you.

Yours faithfully

/s/ G. W. R. Powell
