

Chronological Index to Articles on Dust and Related in the Bulletin/Journal of the Mine Ventilation Society of South Africa

David W. Stanton, Chamber of Mines of South Africa, 31 January 2006

AIRBORNE DUST AND RELATED PAPERS 1948 - 2005

	Vol./Year	No.	Page
Economy in mine ventilation Author: A. W. T. BARENBRUG	1 1948	3	1
A new technique for the preparation of konimeter slides Author: P. H. KITTO	1 1948	6	5, 6
The effect of fluctuating voltage on microscope illumination Author: N. PAIGE-PAGANI	1 1948	7	3
The nature, prevention and treatment of silicosis and some aspects of tuberculosis in European miners Author: S. A. VAN LINGEN	1 1948	8	1
Introductory remarks	1	8	1
Dust filtration by the use of wood wool Author: K. C. ABBOTT	1 1948	9	2
Contr.: H. E. R. RAYNER	1	10	9
Withdrawal of dust, gases and fumes from the welding-shop W. R. CONSOLIDATED MINES LTD.	1 1948	10	3
The extraction of dust, gas and heat from assay offices, West Rand Consolidated W. R. CONSOLIDATED MINES LTD.	1 1948	10	6
Extracts from the Government Mining Regulations. Regulations referring to ventilation and dust- prevention and items allied thereto. (Metalliferous Mines.)	2 1949	1	1
Notes on the dust produced from diabase at Western Reefs Exploration and Development Company Limited Author: C. CZANK and S. R. RABSON	2 1949	2	1
The prevention of dust at tipping stations W. R. CONSOLIDATED MINES LTD.	2 1949	5	1
Dust precipitation Author: G. HILDICK-SMITH	2 1949	6	2
A review of ventilation through the ages Author: R. E. CAMPBELL-PITT	2 1949	7	2
	2	8	1
The extraction of dust and gases from the air whilst sinking 6A, shaft Durban Roodepoort Deep, Limited Author: F. C. STARTUP	2 1949	9	2
Vote: D. A. LOGIE			14
J. A. DRUMMOND			15
Contr.: R. A. GORGES			16
S. R. RABSON			18
Flannel bag cleaner Author: N. L. MACKINNON	2 1949	10	3

Dust causation and prevention at loading boxes W. R. CONSOLIDATED MINES LTD.	2 1949	11	9
The place of aluminium in the prophylaxis and therapy of silicosis Author: J. F. MURRAY Vote: A. W. T. BARENBRUG S. R. RABSON	2 1949	12	3 8 8
The control and elimination of dust, fumes and gases in surface drill sharpening shops W. R. CONSOLIDATED MINES LTD.	3 1950	3	30
The duties and organisation of a ventilation department Author: J. A. DRUMMOND	3 1950	7	106
Surface dust extraction plants Author: G. F. J. BRAUNGER Vote: A. W. T. BARENBRUG S. R. RABSON Contr.: F. S. HAIGH V. LANGKILDE P. H. KITTO	4 1951	2	16 27 30 32 34 35
Third international conference of experts on pneumoconiosis - Excerpts	4 1951	3	45
Production of dust by drilling operations and matters relating thereto W. R. CONSOLIDATED MINES LTD.	4 1951	6	82
Research on dust and pneumoconiosis in Great Britain Author: D. G. BEADLE	4 1951	7	94
Some observations on dust (Presidential Address) Author: S. R. RABSON Vote: R. A. H. FLUGGE-DE SMIDT J. LOWRIE Contr.: J. DE V. LAMBRECHTS V. LANGKILDE	4 1951	8	111 139 141 155 159
The result of a test carried out with filter tubes made of blanketing Author: H. E. R. RAYNER	4 1951	10	161
The microscope as an aid to dust control Author: P. H. KITTO Contr.: D. G. BEADLE	4 1952	12	207
Report on a vertical type dust filter Author: D. W. MEYERS	5 1952	2	12 1
A vertical blanket filter Author: J. A. NORTHCOTT Contr.: W. L. LE ROUX	5 1952	4	1 15
The use of the micro-photometer for estimating dust counts on konimeter slides Author: E. F. S. HARDING Vote: G. F. BRAUNGER Contr.: D. G. BEADLE	5 1952	6	3 10 11
Sphere of activity of the ventilation officer on the mines of the Witwatersrand Author: G. F. J. BRAUNGER	5 1952	8	3

Recommendations adopted by the meeting of experts on the prevention and suppression of dust in mining, tunnelling and quarrying, held in Geneva, December, 1952	6 1953	7	28
An automatic self-cleaning filter Author: H. E. R. RAYNER	6 1953	8	1
Some statistical information about the ventilation of South African gold mines Author: M. BARCZA	6 1953	9	4
The need for closer integration of ventilation into mining problems in deep level mining Author: J. DE V. LAMBRECHTS	7 1954	8	122
The work of the Dust and Ventilation Research Laboratory of the Transvaal and Orange Free State Chamber of Mines Author: J. P. REES	7 1954	12	208
The consolidation of footwall dust at Vlakfontein Gold Mining Co. Ltd. Author: B. J. R. BOTHA	8 1955	1	1
A deep cell for use with microscope equipped with a circular stage for 1½ inch square konimeter slides Author: R. S. J. DU TOIT	8 1955	6	119
Research on dust and silicosis at some overseas institutions recently visited Author: G. F. J. BRAUNGER	8 1955	7	133
SYMPOSIUM ON THE ELIMINATION OF NITROUS FUMES DURING MULTI-SHIFT BLASTING	8 1955	8	155
	8	9	199
Dust and fume extraction from blasting fumes Author: W. H. GELDENHUYS	8 1955	8	172
A filter plant to treat fumes from a shaft-sinking multi-shift operation Author: G. F. J. BRAUNGER	8 1955	8	175
Notes on methods of sampling blasting fumes at extraction plants in the mines Author: J. H. QUILLIAM	8 1955	9	176
The removal and treatment of blasting fumes and dust from twin haulages on Blyvooruitzicht Gold Mining Co. Ltd. Authors: L. G. C. WRIGHT and M. HILL	8 1955	9	184
Sawdust and vermiculite filter plant: No. 2B Shaft Jeannette Gold Mines, Ltd., O.F.S. Author: A. KROON	8 1955	9	190
Fume and dust extraction plant West Rand Consolidated Mines, Ltd. Author: D. W. MEYERS	8 1955	9	194
A vertical multi-tube filter for underground use Author: S. R. RABSON	9 1956	2	163
Vote: O. A. HUSS G. F. J. BRAUNGER M. HILL Contr.: D. G. BEADLE N. PAIGE-PAGANI			190
			191
			194

Economic aspects of dust filtration plants	9	3	208
Author: N. PAIGE-PAGANI	1956		
Contr.: H. E. R. RAYNER	9	6	314
Research on dust and ventilation in Europe	9	5	280
Author: D. G. BEADLE	1956		
Dust sampling in coal mines in Europe	9	5	291
Author: G. H. J. KITSON	1956		
Willis Haviland Carrier, his life and work	9	7	328
Author: H. E. R. RAYNER	1956		
The use of a mobile filter unit for cleaning out large electric motors in the reduction works	9	10	382
Author: N. PAIGE-PAGANI	1956		
Trends in the development of Cyclonic Dust Collectors	9	11	401
Author: H. STERN	1956		
International Labour Office meeting of experts on the prevention and suppression of dust in mining, tunnelling and quarrying	10	6	117
	1957		
Research on dust problems by the Pneumoconiosis Research Unit	10	8	155
Author: D. G. BEADLE	1957		
Training of ventilation personnel	10	9	186
Author: W. L. LE ROUX	1957		
The history of pneumoconiosis	11	1	16
Author: A. J. ORENSTEIN	1958		
Routine examination of rockdrills	11	4	71
Author: P. F. CILLIERS	1958		
Notes on the ignition of konimeter slides	11	5	104
Author: J. C. VAN DEN HEEVER	1958		
Some unanswered questions regarding dust and pneumoconiosis	11	10	198
Author: D. G. BEADLE (Presidential Address)	1958		
Vote of thanks: F. G. HILL	11	11	213
P. H. KITTO	11	11	216
Contr.: I. WEBSTER	11	11	217
D. A. SUTTON	11	11	219
W. L. LE ROUX	11	11	220
R. S. J. DU TOIT	11	11	221
A. J. ORENSTEIN	11	11	223
D. K. CRAIG	11	11	224
H. S. K. RASCHER	11	11	225
P. H. KITTO	12	1	24
	1959		
Some remarks on the performance of the Witwatersrand konimeter	12	1	1
Authors: V. BALASHOV and R. RENDALL	1959		
Engineering for the prevention of silicosis at Ontario Mines	12	1	12
Author: C. S. GIBSON	1959		
Ore pass dust control	12	1	22
Author: W. H. GELDENHUYS	1959		

The electron microscope and its role in dust research - Part I Author: J. H. TALBOT	12 1959	2	33
Report on the International Pneumoconiosis Conference, Johannesburg, February, 1959 Author: D. G. BEADLE AND R. J. S. DU TOIT	12 1959	6	147
A correlation between silicosis and the dust exposure of South African gold miners Author: R. J. S. DU TOIT	12 1959	7	162
Contr.: D. G. BEADLE	12	7	177
PROFESSOR J. E. KERRICH	12	7	179
Reduction works ventilation problems Author: A. H. MOKKEN	12 1959	8	185
Uranium plant air pollution control Author: V. O. STEED	12 1959	8	188
Uranium plant ventilation problems Author: D. AYRES	12 1959	8	194
Some thoughts on surface filtration Author: G. F. J. BRAUNGER	12 1959	8	195
Control of dust in reduction works Author: L. A. J. SLABBERT	12 1959	8	197
A mobile dust filter Author: H. STERN	12 1959	8	199
Dust removal from motors in reduction works Author: T. H. MILLER	12 1959	8	201
The application of modern dust collection techniques in reduction works dust control Author: R. D. WRIGHT	12 1959	9	205
Research and the ventilation officer (Presidential address) Author: P. H. KITTO	12 1959	11	254
Contr.: Y. J. F. HAVEN	13 1960	4	76
Dust filtering in Australia Author: C. T. WALKER	12 1959	11	275
The validation of results from a dust control test in a stope Author: W. D. ORTLEPP	13 1960	2	33
The use of statistical tests in analysing the dust in a stope Author: P. C. PIROW	13 1960	2	36
Contr.: PROFESSOR J. E. KERRICH	13	2	40
A correlation between silicosis and the dust exposure of South African gold miners Author: R. S. J. DU TOIT	13 1960	2	42
Contr.: J. P. REES			
Reply to discussion	13	5	94
Photoelectric assessors Author: D. K. CRAIG	13 1960	3	45
Contr.: Y. J. F. HAVEN	13	8	148
Symposium of the Control of Air Pollution in Reduction Works and Uranium Plants	13 1960	4	65

A note on the exposure-response curve of South African gold miners Author: J. P. REES	13 1960	8	145
Routine airborne dust sampling in collieries Authors: G. H. J. KITSON and P. WINER	13 1960	9	153
The treatment of modified thermal precipitator slides Author: Y. J. F. HAVEN	13 1960	9	159
Some pneumoconiosis statistics Author: D. G. BEADLE	13 1960	9	165
The activities of the Mine Ventilation Society in retrospect and in outlook Author: J. H. QUILLIAM	13 1960	10	169
Production of permanent calibration slides Author: D. K. MAXWELL	13 1960	12	205
Dust control at the Government Metallurgical Laboratory Author: M. G. BENHAM	14 1961	3	42
Routine airborne dust sampling in collieries Authors: G. H. J. KITSON and P. WINER Contr.: R. S. J. DU TOIT	14 1961	4	63
Dust sampling instruments for metalliferous mines Authors: V. BALASHOV, J. G. BRADING and R. E. G. RENDALL	14 1961	6	98
The control of dust in an underground crushing station at the New Broken Hill Consolidated Limited Mine, Australia Author: C. T. WALKER Contr.: D. G. BEADLE	14 1961 14	11 11	223 232
Final note on the D.E.P. filtration plant Author: G. F. J. BRAUNGER	14 1961	11	233
Trends in the ventilation of South African gold mines Author: D. F. H. GRAVE	14 1961	12	237
Some recent work relating to the size-frequency of particles in airborne mine dust Author: H. ST. G. TUCKER	15 1962	3	50
Modifications to a crusher-station dust extraction unit Author: B. L. TURNER	15 1962	3	53
Dust and ventilation control in South African collieries Author: G. H. J. KITSON	15 1962	4	61
Mine ventilation officials and the quality of mine air Author: R. S. J. DU TOIT Contr.: D. K. CRAIG	15 1962 16 1963	12 8	225 143
Ventilation and dust control in an underground crusher-conveying system Author: G. PHIMISTER Contr.: D. G. BEADLE	16 1963 16	1 1	1 10
The electron microscope and its role in dust research Author: J. H. TALBOT Part II – Techniques Part III – Observations	16 1963 16	3 4	56 65

The use of oil for footwall consolidation in dry downcast airways Author: B. C. VISSER	16 1963	6	98
A statistical examination of the photoelectric assessment of dust samples taken with the modified thermal precipitator Authors: A. D. JOFFE and C. D. WILLIAMS	16 1963	11	173
Notes on recommended fume cabinets in ventilation departments Author: R. E. KISLIG	16 1963	12	210
A short history of dust sampling and associated instruments in South African gold mines (Presidential Address) Author: J. LAWRIE	17 1964	4	65
Improved immersion cells for use in konimeter and thermal precipitator practice Author: A. F. H. LOMBARD	17 1964	6	121
Some observations on particle size and size distribution Author: J. H. TALBOT	17 1964	10	189
A symposium on recent developments in dust sampling	18 1965	1	1
The need for dust sampling Author: D. G. BEADLE	18 1965	1	2
Long sampling thermal precipitators and modified thermal precipitators Author: P. J. BLIGNAUT	18 1965	1	3
A new form of modified thermal precipitator Author: D. J. VERMEULEN	18 1965	1	4
An improved konimeter microscope Author: C. HOFFMAN	18 1965	1	5
The automatic particle counter Author: J. THOMPSON	18 1965	1	5
Counting control charts Author: MRS. M. VAN DER WALT	18 1965	1	6
Recent improvements in photoelectric assessors Author: D. J. VERMEULEN	18 1965	1	7
A diffraction apparatus for assessing dust samples Author: J. H. TALBOT	18 1965	1	8
Calculation of the Respirable Surface Area of dust samples Author: C. D. WILLIAMS	18 1965	1	10
Investigation of sub-microscopic particles Author: J. H. TALBOT	18 1965	1	11
The " Celloidin " treatment of dust samples Authors: MRS. F. COETZEE and MISS P. SANDHAM	18 1965	2	17
Variations in dust levels Author: C. D. WILLIAMS	18 1965	2	18
Sequential control charts Author: D. G. BEADLE	18 1965	2	19

Gravimetric dust sampling Author: S. R. RABSON	18 1965	2	21
Instruments for gravimetric dust sampling Author: P. BUCKLEY-JONES	18 1965	2	23
An improved version of a gravimetric dust sampler Author: E. REINHARDT	18 1965	2	24
Electrostatic dust samplers Author: P. J. BLIGNAUT	18 1965	2	25
Determination of the composition of dust x-ray diffraction Author: A. BRADLEY	18 1965	2	26
Closing address- Where do we go from here? Author: P. H. KITTO	18 1965	2	27
Estimation of the surface area of a dust sample from three spot graticule counts Authors: A. D. JOFFE and H. S. SICHEL	18 1965	8	99
Design and calculation of exhaust systems for conveyor belts, screens and crushers Author: R. D. WRIGHT	19 1966	1	1
Corr.:	19	4	61
Automated dust measurement: The Diffraction Size-Frequency Analyser Author: J. H. TALBOT	19 1966	2	21
Discussion and vote of thanks	19	7	114
The technique of routine airborne dust sampling on coal mines in the Transvaal and Orange Free State Author: Y. J. F. HAVEN	19 1966	6	81
Estimation of the surface area of a dust sample from three spot graticule counts Authors: A. D. JOFFE and H. S. SICHEL	19 1966	7	120
My thirty years' experience in the ventilation department Author: A. W. T. BARENBRUG	19 1966	11	181
Automated dust measurement: The Diffraction Size-Frequency Analyser Author: J. H. TALBOT	20 1967	2	21
Discussion and vote of thanks	20	7	114
The collection and disposal of dust as applicable to amphibole asbestos mills Author: L. N. KUYPER	20 1967	5	73
The photoelectric assessor as used today Authors: D. J. JACOBS and H. F. ESCH	20 1967	12	229
The development of a wet scrubber for use at crushing plants and the like Author: S. R. RABSON	21 1968	1	1
An impingement separator for sampling respirable gold mine dust with the modified thermal precipitator Author: D. J. JACOBS	21 1968	10	173
Dust - Recent developments in Australia, U.S.A., Canada, Great Britain and South Africa Author: D. G. BEADLE	22 1969	2	17
Contr.: R. J. S. DU TOIT	22	4	89
R. E. G. RENDALL	22	4	93
M. J. MARTINSON	22	4	94

The past, present and future of ventilation and dust control in South African gold mines. (Presidential address) Author: S. R. RABSON	22 1969	3	61
Ash and silica content of airborne dust in Transvaal and Orange Free State collieries Authors: G. H. J. KITSON, Y. J. F. HAVEN and A. A. BRADLEY	22 1969	5	97
The Mine Ventilation Society – an appreciation: 1944 – 1969 Author: M. P. J. SANDYS	22 1969	8	158
Dust standards Author: R. J. S. DU TOIT	22 1969	12	221
Pneumoconiosis Author: R. MURRAY	23 1970	3	35
A review of 12 years in mine ventilation Author: H. M. W. ESCHENBURG	23 1970	12	207
A reduction works dust sampling report Author: A. D. UNSTED	24 1971	2	29
A method of inducing rapid dust decay in multi-blast development ends Author: J. G. SMIT	24 1971	4	46
50 years of South African mine ventilation Author: R. HEMP	24 1971	11	161
Postscript on Stoffel Author: U. K. H. V. SCHWANECKE	24 1971	12	197
Trends in dust sampling on mines and in works in South Africa Author: R. S. J. DU TOIT	25 1972	4	58
The performance of standard konimeters fitted with size selectors Authors: J. H. QUILLIAM and J. A. L. KRUSS	25 1972	4	60
Polyurethane filter at a sand blasting unit. Leslie Gold Mines Ltd. Author: J. C. NAYLOR	25 1972	10	178
Experience in the automatic assessment of standard thermal precipitator samples by means of the Talbot diffraction size analyser (DISA) Authors: R. S. J. DU TOIT and N. M. MURRAY	25 1972	11	213
The selection and training of ventilation officials Author: J. H. J. BURROWS	25 1972	12	225
A steady concentration dust duct Authors: R. S. J. DU TOIT, N. M. MURRAY and T. B. OWEN	26 1973	3	29
Routine dust sampling Author: J. A. VAN NIEROP	26 1973	8	101
Isokinetic sampling Author: J. H. QUILLIAM	27 1974	2	31
A method of reporting dust sampling in the reduction works Author: P. F. LOMBARD	27 1974	4	66
Coal dust explosions, their prevention and control Author: A. D. VOS	27 1974	6	81
Contr.: Y. HAVEN	27	11	180

The role of the ventilation officer in the present day mining framework Author: P. F. CILLIERS	27 1974	9	136
A new automatic dust counter Author: J. H. TALBOT	27 1974	11	161
An instrument for the continuous monitoring of airborne dust Authors: J. H. QUILLIAM, J. A. L. KRÜSS and G. LINDHOUT	27 1974	11	173
A method for the testing of dust filtration materials Authors: J. H. QUILLIAM, J. A. L. KRÜSS and G. LINDHOUT	27 1974	12	199
Overcoming the dust problem at main ore passes Author: T. E. DEACON	28 1975	1	14
The application of dust control equipment to industry Author: P. SWIFT	28 1975	3	34
Air filtration for rotary compressors Author: D. SCHORN	28 1975	4	50
Suggested correction factors, based on the quartz equivalent concept for konimeter samples contaminated by welding fumes in surface workshops Authors: J. H. QUILLIAM and J. A. L. KRÜSS	28 1975	11	165
Occupational health and safety in underground mines (Presidential address) Author: M. J. MARTINSON	29 1976	1, 2	1, 29
The value of the konimeter for dust control purposes in routine mine sampling Author: J. H. QUILLIAM	29 1976	6	115
Voorbeelde van stof voorkoming in steenkoolmyne Skrvwer: C. J. J. HATTINGH	29 1976	8	138
The first step towards successful dust control Author: Y. HAVEN	29 1976	8	148
Mine ventilation – two decades, two continents Author: W. HOLDING	29 1976	12	201
An investigation into the causes of dust production at main tips and the effect on dust concentrations when tip doors are installed Authors: J. H. QUILLIAM and A. YAXOGLU	30 1977	3	53
Dust control at vertical ore and waste passes Author: P. F. PULLEN	30 1977	3	63
Dust determinations by means of the Casella thermal precipitator with DISA readings and microscope counts Authors: R. S. J. DU TOIT and A. F. H. LOMBARD	30 1977	4	69
Fog nozzle water blast Author: P. J. VAN DER BANK	30 1977	4	81
A fresh look at noxious atmospheric contaminants on gold mines and collieries Author: J. D. GREIG	30 1977	11	213
The consolidation of footwall dust in underground intake haulages and travelling ways in gold mines Authors: J. H. QUILLIAM and A. J. P. VAN WYK	30 1977	12	245

A general note on respiratory protection devices Author: J. H. QUILLIAM	31 1978	5	90
The introduction of differential pneumoconiosis monetary levies on controlled gold mines and its effect on dust levels Author: J. H. QUILLIAM	31 1978	8	148
The sampling and assessment of airborne dust containing harmful combustible and acid soluble constituents Author: R. S. J. DU TOIT	31 1978	9	173
Comments on the parameters which can be measured when assessing airborne dust concentrations in mines Author: J. H. QUILLIAM	31 1978	10	184
Technology – its development and its impact upon mining and mine environmental engineering Author: A. D. UNSTED	31 1978	11	197
Combination fan/filter units Author: R. J. C. PELLOW	32 1979	3	51
Use of underground auxiliary and booster fans in British coal mines Author: ANONYMOUS	32 1979	9	190
Stack sampling and size distributions obtained with a cascade impactor - analysis of results and applications Author: M. J. HOWES	33 1980	2	27
Gravel bed filters Author: J. HOLDEN	34 1981	2	36
Fabric filtration Author: D. TUCK	34 1981	3	41
Ventilating a subsidence in coal Author: P. J. YSSEL	34 1981	4	72
The consolidation of footwall dust in intake airways and roadways using calcium chloride Authors: H. H. E. SCHRÖDER, A. J. P. VAN WYK and J. H. QUILLIAM	34 1981	9	175
A review of ventilation practice on South African collieries (Presidential Address) Author: N. THORP	34 1981	11, 12	194,209
A logical procedure for the evaluation of dust control system requirements Author: I. C. COATES	35 1982	2	9
Respirators Author: I. G. WHITTINGHAM	35 1982	8	72
Results of surveys on dust conditions in controlled gold mines Authors: H. H. E. SCHRÖDER, G. APPELMAN and J. H. QUILLIAM	35 1982	10	98
A method for routine dust sampling in collieries Authors: H. H. E. SCHRÖDER, J. A. L. KRÜSS and A. J. P. VAN WYK	36 1983	4	33
Controlling dust and gas in the face area: operating experience with low seam continuous miners Author: C. J. BEUKES	36 1983	8	74

Controlling dust and gas in the face area: operating experience under ultra low-seam conditions Author: S. P. DAFT	37 1984	1	9
Die uitwerking van verskillende ventilasiesistels op die gas en stofkonsentrasie in 'n delwersfront Skrywer: W. J. J. COETZER	37 1984	5	49
Ventilation problems experienced in the pocket and fender method of pillar extraction at Springfield Colliery Authors: J. D. R. BEUKES and G. HUTCHINSON	37 1984	7	73
Current thoughts in the United Kingdom on mine safety and health and research and Development Author: K. M. BROWN	38 1985	10	113
Suppression of respirable dust and airborne asbestos fibres using sonic atomizing water spray nozzles Authors: H. H. E. SCHRÖDER and F. M. RUNGGAS	39 1986	11	145
Controlled recirculation: its effect on blast contaminant decay Authors: N. A. ALEXANDER, A. D. UNSTED and K. C. BENECKE	40 1987	7	85
Some experience in the use of wetting agents to suppress dust at Sigma Colliery Authors: E. J. MEETS and A. F. NEETHLING	40 1987	10	126
Airflow patterns within advancing bord and pillar workings and their influence on airborne dust control Author: E. J. MEETS	40 1987	12	158
Composition and size of dust in a gold mine atmosphere Authors: H. J. ANNEGARN, A. ZUCCHIATTI, J. P. F. SELLSCHOP and B. KUSKO	41 1988	1	1
A computerised tyndallometer system for the measurement of dust levels for research purposes Author: J. W. OBERHOLZER	41 1988	3	26
Design considerations for a dust extraction system Author: E. C. VAN GEUNS	41 1988	11	194
Gravimetric dust sampling - fundamental concepts and principles Author: L. R. GARDINER	42 1989	3	53
Distribution of dust from a continuous and stationary source Author: J. PARTYKA	42 1989	12	232
The implementation of gravimetric sampling of airborne dust for risk assessment purposes in platinum mines and works – An update Author: A. W. NICOLL	43 1990	3	42
Distribution of pollutants produced during blasting Author: J. PARTYKA	43 1990	7	122
Dust control for tunnel boring in kimberlite Author: E. R. WOODS	43 1990	7	130
Quartz analysis in gravimetric sampling Author: D. REX	43 1990	8	142
Dust and radon: the legal implications Author: J. M. O. VAN SITTERT	43 1990	9	170

Dust handling methods in the Kimberley Diamond Mines Author: G. H. C. VAN NIEKERK	43 1990	10	182
Rotameters: an alternative calibration method Author: D. J. DE VILLIERS	43 1990	12	231
Praktiese ervaring met grevimetriese stofmonsterneming Author: G. B. D. VAN SCHALKWYK	44 1991	1	17
Experiences with the introduction of gravimetric dust sampling at Impala Platinum Limited (Bafokeng South Mine) Author: C. J. NISSEN	44 1991	2	22
"Silica; crystalline quartz exposure standards... What is the most appropriate standard to use?" Author: W.G. ROGERS	44 1991	3	38
A review of 10 years of environmental dust monitoring at Crown Mines Authors: H. J. ANNAGARN, A. D. SURRIDGE, H. S. P. HLAPOLOSA, D. J. DE V SWANEPOEL and A. R. HORNE	44 1991	3	46
Characteristics of dust clouds at longwall faces Authors: R. V. ROMANI, J. QIN and R. A. JANKOWSKI	44 1991	5	70
The potential of blast contaminant control for reducing re-entry times and ventilation costs Author: H. H. Haase	44 1991	6	86
How reliable is modelling of fugitive dust from mining and handling of bulk materials? Author: P. ZIB	44 1991	6	94
The history of ventilation in the South African diamond mines Author: J. GUTHRIE	44 1991	9	138
The accuracy of weighing procedures during gravimetric dust sampling Authors: R. HEMP and P. DEGLON	44 1991	10	162
The phenomenon of dust deposition in exhaust ventilation shafts at Inco Mines Authors: J. S. STACHULAK, E. D. DAINTY and M. J. MCPHERSON	44 1991	11	183
Quantification of internal and external leakage errors in personal gravimetric sampling Authors: D. A. REX, A. VAN DER LINDE and P. DEGLON	45 1992	9	142
Development and application of ambient air quality standards Authors: L. UYS and R. NEL	45 1992	9	149
Design criteria: Challenges for dust control in the diamond mining industry Authors: J. GUTHRIE and G. F. KUHN	46 1993	3	34
Laboratory investigation of coal grindability and airborne respirable dust Authors: J. A. ORGANISCAK and S. J. PAGE	46 1993	7	98
Gravimetric dust sampling laboratory - a new look at the weighing facility Authors: E. J. DE JAGER and T. C. MUNTINGH	46 1993	11	174
Shaft Talk: Along the dusty trail Authors: ANONYMOUS	47 1994	7	151
Technical Note: Isokinetic sampling Author: J. H. QUILLIAM	47 1994	7	153

Unique water spray system improves exhaust face ventilation and reduces exposure to respirable dust on continuous miners in laboratory tests	47 1994	10	196
Dispersion and deposition of fine particles Authors: K. BÖDE and R.V. RAMANI	47 1994	11	210
Dispersion and deposition of fine particles - Part 2 Mine airway experiments Authors: K. BÖDE and R.V. RAMANI	47 1994	12	234
High seam continuous miner dust suppression Author: R. C. BERRY	49 1996	1	8
Particulates – Back to the future? Author: A. D. UNSTED	49 1996	3	67
Respirable dust in the intake airways of a coal mine Authors: G. P. CRONJÉ, P. J. J. VAN VUUREN and C. A. RAWLINS	50 1997	1	11
Assessment of fugitive dust emissions from an opencast coal mine Authors: F. AMPONSAH-DACOSTA and H. J. ANNERGARN	51 1998	1	5
Investigation into dry drilling of kimberlite deposits with reference to pollutant control, fibre sampling and identification Authors: D. B. JANSSEN VAN VUUREN and A. D. UNSTED	51 1998	1	20
Gravimetric dust sampling for control purposes and occupational dust Sampling Author: A. D. UNSTED	51 1998	1	24
Evaluation of a continuous miner half curtain dust control system in a South African underground coal mine Authors: B. K BELLE and J. J. L. DU PLESSIS	52 1999	2	54
Hood type dust control systems on continuous miner (CM) in an underground bord and pillar coal mine Authors: B. K BELLE, J. J. L. DU PLESSIS and F. J. VAN ZYL	52 1999	2	72
The development of a wet scrubber for use at crushing plants Author: S. R. RABSON	52 1999	4	144
A field evaluation of the BGI and cowl type gravimetric samplers Authors: B. K BELLE, J. J. L. DU PLESSIS and J. W. OBERHOLZER	53 2000	1	10
Using statistics in the analysis of dust sampling results Author: D. DE VILLIERS	53 2000	3	130
Mine Ventilation Officer to Mine Occupational Hygienist – The transition Author: H. E. S. Moorcroft	54 2001	1	13
Mine haul road fugitive dust emission and exposure characterisation Authors: R. J. THOMPSON and A. T. VISSER	54 2001	1	18
The development of the centre-mounted scrubber for Joy mechanical miners at Khutala Author: F.D. GUME	54 2001	2	28
Mining methods and occupational hygiene for the new millennium - from dust to dust Author: D. WRIGLEY	54 2001	3	73
The Cape Asbestos claims: The implications for the South African mining industry Author: R. SPOOR	54 2001	4	89

An improved wet-head system: Prevention of incendive ignitions and dust control Authors: B. K BELLE and S. CLAPHAM	54 2001	4	113
Monitoring of low, medium and high respirable dust concentrations using South African cyclones Authors: B. K BELLE and H. R. PHILLIPS	55 2002	2	49
Pollutants: What are we doing? Why are we doing it? What should we be doing? Author: D. M. Walters	55 2002	2	70
Dust control methods in tunnels and underground mines Author: F. KESSELL	55 2002	4	129
Recent advances in dust control technology on South African underground coal mines Authors: B. K BELLE, and J. DU PLESSIS	55 2002	4	138
Health risk assessment Author: B. Doyle	56 2003	1	11
Assessment of respirable quartz dust exposures at roof bolters in underground coal mining Authors: G. V. R. GOODMAN and J. A. ORGANISCAK	56 2003	2	50
Recent developments in the control of respirable dust concentrations following the 12 m directive Authors: B.K. BELLE and H.R. PHILLIPS	56 2003	3	85
Have we won the war on the continuous miner dust? Author: A. THOMSON	56 2003	3	93
The review of the flammable gas and coal dust explosions Author: D. M. Msiza	56 2003	3	119
An holistic approach to managing dust in underground gold mines Author: K. DEKKER	56 2003	4	152
The challenges facing the MVSSA - how do we change? Author: A. Thomson	57 2004	1	6
The baseline risk assessment and the first 12 months of monitoring airborne particulates at a platinum mine Author: J. J. van RENSBURG	57 2004	2	51
International Harmonisation Sampling Curve (ISO/CEN/ACGIH): Background and its influence on dust measurement and exposure assessment in the South African mining industry Author: B. K. BELLE	57 2004	2	55
A review of airborne particulate monitoring on Douglas Colliery Author: A. TATTON	57 2004	2	59
Elimination of silicosis in the SA mining industry Author: D. Rowe	57 2004	3	82
Pulmonary Tuberculosis in former mineworkers of Transkei – An X-ray based study Author: B. L. MEEL	58 2005	3	81
Respirable Dust Dosimeter (RDD) for personal dust exposure assessment in South African mines - A laboratory investigation - Part 1 Author: B. K. BELLE	58 2005	4	122
