FOUNDATION COATINGS
READY TO

BRUSH ON

Our heavy-bodied foundation coating is ready to use — no mixing is required, just brush-on as you would paint. Calk all large cracks before applying coating. Can be used on concrete, brick or tile foundation walls.

**TAR BASE FOUNDATION COATING
ALSO AVAILABLE**

Composed of specially refined tar, it is primarily for use where constant settling of water is a problem. Forms a more impervious coat and can be applied to either wet or dry walls.
