Again I want to thank you for the fine job you did in administering the hands-on physical examination for VCM Plant employees during the week of May 5, 1980. Your willingness to help us out under the short notice circumstances surrounding this round of plant physicals was greatly appreciated. Comments by our employees as to the professional manner in which you performed your examinations have all been extremely flattering to your patience and abilities.

Thanks again for your help. Be sure and stop in and see us when you are in the Lake Charles area.
