Attached is the 1994 Community Relations Plan. Also I've attached a memo sent to Loren Wassell on October 25th requesting an increase in funds and usage for that increase. Thanks for any help you may be able to give.

SUBJ: Monsanto Fund

REF:

TO: Loren Wassell - G4WF

When the Monsanto Fund refocused their contributions to be given mainly to educational programs, Delaware River Plant's budget went from $36,800 in 1992 to $23,850 in 1993. We would certainly appreciate an increase of $3,550 for the educational programs listed below. Any assistance you could give us would certainly be appreciated. If any further information is needed, please contact me.

Organization	1993	Proposed 1994
St. James High School Science Screen Report	$ 800	$ 800
St. James High School College Scholarship to outstanding science student	0	1,000
Paulsboro High School Science Screen Report	800	800
Paulsboro High School College Scholarship to outstanding science student	1,000	1,000
Kingsway Regional High School Science Screen Report	800	800
Kingsway Regional High School College Scholarship to outstanding science student	0	1,000
Rowan State College Scholarship for chemistry student	700	0
Logan Township Middle School Science department supplies	450	1,000
Junior Achievement of South Jersey Applied Economics Course	500	500
Appel Farm Cultural Arts Center	300	500
Teachers-Industry-Environment CIC's "scholarship" for 4 local teachers	0	1,000
United Way of Gloucester County	18,500	19,000
Total	$23,850	$27,400
