A We moved in 1962 to the Oliver Street location.

Q And where is the Oliver Street location?

A Oliver and Maryland Avenue.

Q And in the Oliver Street location that Mr. Wood worked out of, did he -- he worked as a dispatcher.

Where did he work as a dispatcher?

A The dispatcher office was the last on the right as you go into the Oliver Street -- you had an underpass that you went under, like a tunnel like, and the offices were -- you had a swing room, the locker rooms.

Everything was on the right side as you would go down, and the dispatch office was the last office on the right next to the opening of the shop doors to go into the shop.

Q When you say opening to the shop, going into the shop, are you referring to the actual garage?

A Garage, right.
