serious bodily harm when servicing this or any related component related to it or located near it, period. And prevent asbestos dust from becoming airborne and use a vacuum cleaner with a high efficiency filter.

Q This label doesn't mention the word cancer, does it?

A No, it doesn't.

Q This label doesn't mention to use respirators, does it?

A No, it just says what to do for servicing and to use the vacuum.

Q Thank you.

That was a Ford brake lining and these were Ford disc pads.

And you don't have to read this out loud if you don't want to, but, again, the label on these Ford pads, that doesn't mention cancer or respirator use either, does it?

A It says avoid creating dust, breathing asbestos dust may cause serious bodily harm. Right, no, it does not say it.
