CONSULTING: ULTRAMICROANALYSIS • MICROSCOPY • SMALL PARTICLE PROBLEMS • SOLID-STATE CHEMISTRY

4 September 1980

Mr. Alan Davidson
The O M Scott & Sons Company
Chem Plant . .
Marysville, Ohio 43040

Dear Mr. Davidson:

We have completed our analyses, by x-ray diffraction and polarized light microscopy, of the 22 samples (Series 0-204) which you submitted to this laboratory under purchase order 0129A01.

The results are listed in the attached table.

Your samples will be discarded within 10 days unless we are notified otherwise.

Thank you for consulting McCrone Associates and if you have any further questions concerning this work, please contact us.

Sincerely,

Ralph J. Hinch, Jr.
Research Chemist
