31 July 1992

Robert M. James
Alcoa
1501 Alcoa Building
Pittsburgh, PA 15219

Dear Bob;

This note is to confirm our telephone conversation of last week.

Attached is a copy of the agenda (not in final format). It will give you an idea of the subjects to be addressed, plus some insight into the subtopics to be addressed. The speakers that you have committed to are identified, but we still need a speaker for **Alcoa's Kidney Cancer Study and Update on the Tripartite Study**. I understand Alcoa has appointed a new medical director; perhaps he could give the presentation.

As we are trying to meet a deadline for brochure printing, I would be grateful if you could confirm a name by 15 August 1992.

Thank you again for your support.

M Seddon

Margo Seddon
Director of Occupational Hygiene
