Question?

—does the STUCCO finish on your home look DRAB and PAINT THIRSTY?—If so, NOW, before the winter rains is the ideal time to weatherproof and renew the beauty. But, BEFORE you paint, let our experienced experts check your STUCCO and recommend the BEST finish for your particular job.

FREE Inspection of Your STUCCO or Masonry Building BEFORE Painting

—may save you money and assure a far more satisfactory job. Our Paint Engineers with the help of the Scientific "Moisture Meter" can accurately check "Behind the Surface" of your Stucco Building. No cost or obligation for this FRAZEE'S Service.

Call FRAZEE'S Tomorrow! BE 9-0261

SHERWIN-WILLIAMS STUCCO, CONCRETE and MASONRY FINISH

—is extensively used and highly recommended for use over new or previously painted STUCCO and other masonry surfaces. It's a flat, easy-to-apply finish that's long lasting and weather resisting.

Available in new decorator colors. Flows on freely— highly resistant to alkali.
