Robert A. Kenge, M. D.
College of Medicine
Eden Avenue
Cincinnati 19, Ohio

Dear Mr. Kenge:

In corroboration of our telephone call, Mr. Brandt and I have been in contact with each other concerning your letter of January 8 and from time to time have deferred our reply pending specific information as to whether our meeting is to be held in April.

Since the meeting of the Board of Directors of the American Association of Industrial Physicians and Surgeons is to take place in Chicago on February 11 and 12, and since the final decision will probably be made at that time as to whether an application will be made for the meeting, it is considered preferable to defer further activity in the development of program.

Incidentally, in this morning's paper, information from the War Committee on Conventions stated that 108 out of 110 convention requests had been rejected and that not a single request for conventions in February have been granted in the Chicago area.

Very truly yours,

Warren A. Cook

Warren A. Cook
Member of Program Committee
