Dear Mr. Allen:

Confirming our telephone discussion Monsanto's polychlorinated biphenyl products marketed as Aroclors have never been recommended by Monsanto for food or food packaging use.

In addition, these materials have never been included in the GRAS list nor have they been approved by the Food and Drug Administration for food use.

I hope this information is useful to you. If I can be of further service please let me know.

Sincerely,

W. B. Papageorge
