Mr. George Perry
Weyerhaeuser Company
P. O. Box 188
Longview, Washington 98632

Dear Mr. Perry:

Confirming our September 14, 1972 telephone conversation, it is our understanding that your location has never used the Therminol FR series of heat transfer fluids. Thank you for checking out this question.

I have enclosed a copy of a recent Wall Street Journal article which gives a good summary of the PCB situation. This article may help explain my reason for calling.

Your Therminol 66 order has been processed and should be en-route to you.

Sincerely,

Paul W. Gann
Project Coordinator
Heat Transfer Fluids
