DOCUMENT DESCRIPTION: Letter to GY

March 27, 1972

Mr. Harry M. McInerney
Chief Industrial Hygienist
Goodyear Tire & Rubber Co.
1144 East Market Street
Akron, Ohio 44316

Dear friend Harry:

Many thanks for agreeing to address the Northeastern Ohio Rubber Group, Inc. on April 18, 1972. I am enclosing a copy of their letter which is self-explanatory.

After talking with you I phoned Mr. Snead and he was very happy with the arrangement and he said that he would get in touch with you immediately by telephone.

I would appreciate it if you would mention the excellent relationships that has existed between your company, your Union and this Division over the years. All of the experiences have been very gratifying.

I am enclosing thematerials listed below which may be of assistance to you. For your information I do not believe that OSHA has any regulations relative to labeling. I have commented upon that in the article on Benzol.

Again many thanks.

Very truly yours,

DeWitt Huffman, P.E.
Chief, Engineering & Hygiene
