that you did for the hernia and despite the fact that you didn't think it was a cancer, you went ahead and sent it for some pathology tests?

A Yes.

Q And --

A I didn't say I didn't think it was a cancer. I wasn't sure at that time what it was.

Q Okay. Is the pathologist at Carroll County Hospital, would that be Dr. Richard Jones?

A Yes.

Q Do you have a copy in front of you, and it is part of that Vandergucht 34? It is Dr. Jones' 10-3-1980 report, about a third of the way down here.

A Yes.

MS. TOSTANOSKI: Your Honor, do you mind if I look over his shoulder for a second?

THE COURT: Please.

BY MS. TOSTANOSKI:

Q Am I correct that Dr. Jones is the first person who cited this as a potential mesothelioma?

A Yes.
