Hi Lynn,
I'm looping in Nick Davis here, Special Assistant in our office, and he will get the form over to you so we can then go through our normal scheduling process.

Thanks so much,
Sam

Lynn: Thanks for the email. I have added Sam Hebert to the email. She can send you a lengthy form that I insist be filled out for all external meetings. The form is run by Department's Ethics Office. Provided the ethics office clears the meeting, Sam can set up a meeting or lunch for next week or the week after that.

Best,
David

Hi, David

Thanks for holding the Brown Bag meeting. It was useful. I am attaching a "primer" TNC prepared for the Administration in 2017 when I was asked to participate in a planning session on infrastructure with 5 or 6 Cabinet members, following by a White House lunch with the President and others. I have also included a list of sample projects that we provided the White House that illustrate the sorts of opportunities for using "nature" for infrastructure

I share this because there is some relevance to Interior; possibly some shared opportunities if the Administration proceeds with an infrastructure initiative of some sort; and even if such an effort stalls in any way, there are some concepts here that present some funding possibilities that do not rely upon Interior-appropriated dollars yet may allow for investment in DOI-managed lands/waters.

It would be great to follow up to discuss. I will connect with your scheduler. Can you let me know who that is?

Thanks
Lynn
