Gentlemen:

Enclosed please find copies of invoices which are over 4 months old. Perhaps they have been overlooked.

We would appreciate payment of these old invoices. Would you please check with your accounts Payable Department to see when payment will be made.

Thank you.

Sincerely,

FRICITION MATERIALS STANDARDS INSTITUTE

Attention: Mr. Ed Drislane

Dear Mr. Drislane:

ALL-METAL MACHINE SPECIALTIES LIMITED is a manufacturer of unlined brake shoes for the aftermarket.

At present we are drawing our own blueprints using actual shoe samples to obtain all the specifications.

We have been advised by Mr. Charles J. Hanks of Wagner Division of McGraw-Edison that these prints are available from your institute.

We would appreciate receiving blueprints of shoe assemblies, webs and rims for the following F.M.S.I. numbers: (please see attached list).

Please advise us of the availability of these prints and of the costs involved.

Thanking you in advance for your cooperation in this matter, I remain,

Yours very truly,

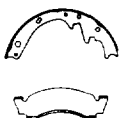

ALL-METAL MACHINE SPECIALTIES LIMITED

Dieter Rutschmann
Production Manager

May 2, 1985

Mr. Dieter Rutschmann
All-Metal Machine Specialties
190 Maplecrete Road
Concord, Ontario
Canada L4K 2B6

Dear Mr. Rutschmann:

This is in response to your letter of April 25, 1985, and our phone call today.

Prices for our prints are US\$.75 each. However, to show you what we have, I am enclosing the ten prints listed below on a No Charge basis.

These were the only prints in the 500 Numbers that were not silhouette sketches made from samples. Those silhouettes are what are shown in our catalogs. The prints listed below have some dimensions, but I do not believe they have all that you may need. They are:

FMS 500(F,R), 501, 504(F,R), 514, 519, 520, 521, 522

If you wish similar drawings from the numbers below 500, we would be happy to provide them, at the \$.75 per print charge.

Sincerely,

FRICTION MATERIALS STANDARDS INSTITUTE

E. W. Drislane
Executive Director

PS: Mr. M. S. Okuno at All-Metal receives copies of our SHOE BULLETINS and with them copies of all of our drum brake and disc brake shoe drawings. Copies of all the above were sent to Mr. Okuno on a routine basis.

Re: Note

September 2, 1977

Success, Inc.
1345 West 16th St.
Indianapolis, IN 46202

Attention: Mr. Ed Pansky

Gentlemen:

Would you please make a shipment of:

100 1976 Brake Shoe Identification Catalogs (FMS 762)
and
100 1977 Supplement to the 1976 Brake Shoe Identification
Catalogs (FMSI 772)

in one carton, via United Parcel Service, to:

Carson Warehouse
2814 Main Street
Dallas, Texas 75226

marked for Okuno, All-Metal P.O. 146533.

When shipment is complete, please bill us for the UPS charges. This would reduce our inventory of the 1976 Brake Shoe Identification Catalogs to 103 copies, and our inventory of the Supplement to 715 copies.

Sincerely,

FRICTION MATERIALS STANDARDS INSTITUTE
