FERENCE

TO : P. E. Brubaker

J. C. Hill has been serving at the PT representative to the Plant Manager's Safety Board since the retirement of W. H. Lane. We recently appointed M. L. Owens to the position of PT Manager - Support, with coordination of all PT safety and housekeeping as one of his responsibilities. In order to insure proper coordination and effective communication, I am asking Lee to replace Jim Hill on the Plant Manager's Safety Board effective immediately.
