CONTACTED: Don Hays- Purchasing Agent

S-335: Quoted him prices use this in a mastic for construction work. Hays will order direct from us for Houston requirements - probably combine with Aroclor 6070. One of his formulas called for A-6070 in 10% Xylene. I'll call Clark to learn if this is available and price. Expects to order in truck loads. K-6070 used in mastics and concrete using agents. Had been using Aroclor 1254 purchased from Texas Solvents.
