PLAINTIFF'S EXHIBIT

MON-1952

The following is in response to recommendations made by the Inspection Team on April 24, 1984 for Dept. 48.

Safety

Rich Coleman will make a list of safety topics and designate who will conduct them monthly. The Safety Dept. was notified to return the mask which was low to the manufacturer to be recharged. The sign at utility water station by 48E508 has been replaced. A safety chain has been placed on the chain operated valve by 48T503.

Housekeeping

The maintenance foreman was requested to instruct carpenters to clean up scaffold storage area.
