Bill, attached is an analysis of the estimated costs that will be incurred as a result of the Aroclor shutdown as it relates to the incinerator. Based on this analysis, it now appears that there will be only a $64M net cost as of 8-31-77.

Burning Costs	$200M
Deferred Income	136M
Net	$ 64M

We will continue to monitor this estimate and will communicate any major deviation from it. If we can be of further help, please do not hesitate to call.
