MONSANTO INDUSTRIAL CHEMICALS CO.
800 N. Lindbergh Boulevard
St. Louis, MI 63166

Attention: Mr. David Wood
Manager, Dielectric Fluids

Gentlemen:

We have your letter of September 13, 1976, inquiring of our future plans for the production of askarel transformers.

Askarel transformers have never figured large in our transformer production, and our plans are to offer them only upon specific customer demand when there is no alternative.

Therefore, while we will continue to offer askarel units, our demand will be 2000 pounds per year.

Sincerely yours,

UNITED POWER & CONTROL SYSTEMS, INC.
