

A COAT or two of Sherwin-Williams SWP House Paint—that's giving the old homestead a real beauty treatment! And you'll find that beauty far more than skin deep . . . SWP gives thorough, longer-lasting protection. Costs less to use, too. In every gallon of SWP there's more square feet of paint . . . paint that spreads and covers as only top quality paint can.

We're proud to sell SWP and we're even prouder that we can sell such quality at the reasonable prices we feature. In pure white and a variety of rich colors.
