Mr. Michael E. Stroh
Stroh Die Casting Co., Inc.
11123 West Burleigh Street
Milwaukee, WI 53222

Dear Mr. Stroh:

I received your letter of June 7 inquiring about the status of our review of PCB records and correspondence related to your company.

Let me assure you that we are doing a thorough review of our records related to our products and Stroh Die Casting Company. As you are aware these records date back almost ten years and it is a very time consuming process to trace these old documents. Hopefully, within the next couple of weeks our review will be complete.

We too are certainly interested in an amiable resolution to this problem.

Sincerely yours,

John H. Craddock
Product and Environmental
Safety Director
