Subject: NIOSH Certified Spirometry Course

A NIOSH certified spirometry course will be given at Methodist Hospital in Houston August 21 and 22 and another one on September 18 and 19, 1982. They are all-day sessions from 8 till 5 and the tuition is $300.00. Contact Karen King in Houston, 713/790-2071 for specifics.

I would recommend that Bobbie try to attend one of these courses.

David H. Glenn, M.D.
Medical Director
