Hi Ryan,

Thank you again for your help in securing the meeting with Administrator Pruitt today.

As a follow-up, I wanted to share the link to the declaration on climate change and health that Katie Huffling from ANHE delivered to the Administrator today. We have gotten a few press inquiries about it, and about the meeting.

Also, I emailed Sydney about setting up a follow-up meeting in October to continue the conversation and learned that she is leaving the agency. She put me in touch with Maddie, and I hope you will help with that follow-up as well.

Very Best,  
Lyndsay

Lyndsay, the Administrator is unavailable at noon today for the meeting with the group. I needed to reach you as soon as possible to make other arrangements. He is available at 11am and would be happy to meet with you then. I'm available at noon and can meet with the group. I'm available on my cell at 202-379-8986. Thank you.

I forgot to include two others. Barry will circulate a call in number.

If all available can call in at noon eastern, that would be appreciated.

Thanks.

**Subject:** Next Steps in Houston and Gulf Coast and EPA's Incident Team

**Importance:** High

We need to initiate readiness from our Incident Team getting our staff from Regions 3, 4, and 5 to be available in short notice to deploy to TX to assist at the State's request drinking water, waste water, hazardous material spills, landfill dumps, etc. and develop a messaging to contribute to FEMA or to comment on our own with their concurrence.

Barry, can you initiate a call in number for everyone on this list?

Can everyone be available at noon eastern time to call in to further organize? At that point we may have some additional information from the Cabinet's call with the President which is happening at 11 eastern. Thanks.
