taxes are soon to be imposed upon our people. We stagger along in the direction of war. We face the possibility of national bankruptcy."

George Hearsts to Be Divorced

Separate Maintenance Suit Taken Off Calendar.

LOS ANGELES, April 3. (AP)—Mrs. Lorna Hearst, 37, had her separate maintenance suit against George Randolph Hearst, 36, son of the publisher, struck from the court calendar today.

Her lawyers said a property settlement had been reached and that Mrs. Hearst probably would file an uncontested complaint next week asking a divorce, to which Hearst likely would not oppose. Terms of the settlement were not disclosed.

Mrs. Hearst had charged cruelty and desertion and asked division of community property and $500 a month alimony, based on Hearst's estimated income of $21,000 a year. Hearst has pending a cross complaint asking divorce on grounds of cruelty and desertion.

They were married at San Simeon, Calif., June 25, 1928, and separated three years later.

Harm in Vitamin?

May Be Toxic Effects In Too Much B-1.

NEW YORK, April 3 (AP)—A report that there may be toxic effects in taking too much vitamin B-1 was made tonight by Dr. Clarence A. Mills, University of Cincinnati zoologist, delivering the annual Herman Frasch lecture before the New York academy of medicine.

Dr. Mills' studies of effects of moving machine parts on persons in our climate industries of man, His research B-1 observations were made during a two months' investigation at Panama under auspices of the Gorgas memorial laboratory, Panama City.

Spain will have trolley bus lines.
