Q And you have read some of his work?
A I have read some.
Q The jury heard about him yesterday, and the plaintiffs are going to call him as a witness.
Are you aware back in 1964 he was writing articles for the world to see where he claimed asbestos was not toxic?
Did you ever see any of those articles?
A I am not familiar.
Q All right. I won't ask you any more about them then.
Doctor, we all have asbestos fibers, and you already told the jury that?
A Right.
Q You, me, everybody on the jury?
A Right.
Q It is a naturally occurring element, isn't it?
A Right.
Q It is in rocks. We go rock climbing, you move a rock, even today asbestos is going to be
