Dear Mr. Terry:

Enclosed is a list which summarizes our discussion and correspondence concerning exclusion criteria and the process by which the "non-exposed" worker population as described in the Northwestern University study protocol were selected by Monsanto. Share the list with whomever you feel appropriate.

Please verify this list at your earliest convenience with whomever you feel appropriate, and confirm the list, or provide corrections or omissions.

Thank you again for your assistance.

Sincerely,

Denise M. Oleske, Ph.D
