Riley Contract A-5454 and B-6079

Dear Mr. Dempsey:-

As requested in your August 31st letter, I am attaching a copy of Riley Stoker Corporation's letter dated September 24th outlining the breakdown of extra charges for the installation by Riley of the forced draft fan motor and turbine, induced draft fan motor and turbine, couplings, and pulverizer motors.

I trust this is the information you desire.

Very truly yours,

E.H.MERTHE
