MR. FRIESTEDT: Objection.

MR. MENDRZYCKI: Objection.

A I don't know. I don't know who the major ones were. You see, there is a difference between clutch facings is a minuscule thing, automatic transmissions and so forth. And in brake linings includes brake blocks goes on the heavies on trucks. I have no expertise in that area at all. And there also were a lot of Mexican and other stuff coming in. I don't know whether -- see Bendix was big in the passenger car line; Raybestos was big on the heavy duty line, that's about it. I -- I'd have to see a roster to see.

Q All right. Let me draw your attention to an exhibit I will mark next in order I believe X. These are minutes of the FMSI dated June 28th and 29th, 1972.
