Attached is a suggested response to the letter-to-the-editor by W. A. Schmidt that appeared in the April 28 issue of the Detroit Free Press.

I would suggest that Monsanto's reply be directed at Mr. Schmidt with carbon copies to the Director of the Michigan United Conservation Clubs, the editorial page editor of the Detroit Free Press and the Michigan Department of Natural Resources.

Enclosed with the letter should be copies of Monsanto's risk/benefit statement concerning PCBs and the news release announcing our intention to exit the market by Oct. 31, 1977.

Please let me know if I can be of further assistance.

G. F. Barton
