Listing of TSCA 8(e) Notices

No.	Reporting Organization	Substance	Date	Report	Reference
539	Nor-Am Chemical Co	Pyrogallol CAS 87-66-1	12/17/84	Positive Ames, Mouse Lymphoma, and In-vitro Metaphase Chromasome Analysis of Human Lymphocites (w&w/o activ)	Letter report. All positive tests were at or close to toxic levels.
540	Confidential	Imidazole (CAS 288-34-2) Mixture with 2-Ethyl, 4-methyl imidazole (CAS 831-36-2)	12/14/84	Dermal toxicity to rabbits. Lethal in 4-24 hours at 2 g/kg.	Letter report of study conducted at contract lab. No written report yet. Confirmed two times.
541	Confidential	Benzofurazan-1 oxide CAS 480-96-6	12/20/84	Positive Ames w/enzyme activation, and + Mouse Lymphoma Cell Forward Mut. Assay, w&w/o act.	Letter report. Chemical is used on experimental basis. Full report and proposed use to follow.
542	Confidential	Nitrite-containing metalworking fluids N-nitrosodiethanolamine	1/8/85	Accumulation of N-nitrosodiethanolamine, fluids that contain nitrite and ethanolamine.	Cancer Research, 42, 5167, 1982 and formation and decomposition rates of N-nitrosodiethanolamine
543	The Society of the Plastics Industry	Vinyl Acetate CAS 108-05-4	1/30/85	Decrease in fertility (numbers of litters) by about 20% when male rats gven 5000 ppm in drinking water.	Preliminary results from reproduction study, and special study to mate treated males with untreate females and vice-versa.
544	Ciba Geigy Corp.	(((3,5-bis(1,1-dimethyl)-4-hydroxyphenyl)methyl)-thio)acetic acid, 2-ethylhexyl ester (CAS 80387-97-9)	1/31/85	Teratogenic and embriolethal effects in rats given 300mg/kg by gavage 61% resorbtion rate, and ectrodactyly and adactyly	Summary results of pilot study at 200 and 400 mg/kg and FDA Segment II study at 50, 150, and 300 mg/kg Complete report in 4-5 mo.
545	Ciba Geigy Corpl	Confidential (Experimental Chemical for pesticidal testing)	2/13/85	Occular changes in dog eyes (lens swelling) in 52 week dietary study.	Letter report, following 13 week opthalmic examination.
546	International Lead Zinc Research Org.	Lead	2/12/85	Mortality in employees of Lead production facil. and lead battery plants.	Epidemiological study by W. Clark Cooper, 1947-1980

Current March 8, 1985 (items 545 and 546 new since last listing)
114/123
