can't remember. This apparently is one of the things that was developing. But I was practically -- this was a new field to me and I was -- it was just coming down the pike and I was trying to keep my membership informed.

Q Okay.

MR. TOWLE: Has that been marked?

MR. PURCELL: Exhibit H.

MR. TOWLE: Is there a date on that?

MR. PURCELL: May 22, 1975.

(Exhibit H, 5/22/75 Memo, is marked for identification.)

BY MR. PURCELL:

Q Why did you believe that these particular two articles would be of interest to the Asbestos Study Committee who was looking at issues related to the friction materials industry?

A I was probably doing what poor Harriet did when she told all of these prints and letters and everything else she sent. I was probably trying to justify my position by sending all these things out to people just to show I was on top of the asbestos thing. That's probably the real reason.

Q For you to have paraphrased some of the articles, did you read the article?
