We'd like to talk about opportunities for regulatory innovation and improvement. We're very active with the rest of the business community and with municipal government on ways EPA programs could become more efficient and closely aligned with statutory goals.

We're hoping we can be a resource for the Administrator, particularly in terms of ideas for ways to meet his goal of facilitating progress in working through the Superfund pipeline, sustaining some essential research and educational functions for RCRA, and improving the roll-out of recently promulgated air standards for municipal landfills.

We've been discussion these issues with some EPA staff and think they have real promise. We know how critical the Administrator's support would be for these continued discussions.

Waste Management has been fortunate to work with Administrator Pruitt at one of our innovative advanced biofuel sites at East Oak Landfill in Oklahoma, so we know he's familiar with the company. This would be a policy discussion about some key EPA programs.

If you need more, just let me know!

Thank you so much! I really appreciate the offer.

I realize how busy the Administrator is, so I'm totally flexible depending on his schedule. I'm in town, so I can respond to a time when it looks good on your side.

Any time from Thursday next week on would be good, if there potential openings that look likely.

Thanks again, and I'll look forward to hearing from you.

Good afternoon Sue,

Hope this email finds you well! I am reaching out today to set up a meeting between WM and Administrator Pruitt. Gary Huddleston asked me to work with you directly on finding a time. Is there a certain time frame we are looking at? Looking forward to working with you!

Best,

Sydney

Well, that is certainly understandable. Thank you for your response. I am not sure at this time when he will return, but I will certainly contact you at a later date when that is decided.

Kindest Regards,

Hey Michelle,

Hope you're well! I received your email about General Paxton being in town in a couple weeks. Unfortunately we will be in Italy June 5-June 14. Any chance you all will be up this way again soon?

Thanks!
