Re: L1631210006 - St. Clair County
Solutia Inc./W.G. Krummrich Plant
Site Inspection

Dear Mr. Miller,

The Illinois Environmental Protection Agency (IEPA) intends to conduct a Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) Expanded Site Inspection of the Solutia, Inc., W.G. Krummrich Plant property (Lot B, Lot C, and Lot F) located in Sauget, Illinois. This inspection is scheduled to occur during the month of May, 1999.

During the inspection, environmental samples may be collected from soils, sediments, groundwater and/or wastes. You will be given the opportunity to receive split samples if you desire. The formal results of this inspection will be documented in an Expanded Site Inspection Report, a copy of which will be made available to you. The approximate number of samples has not yet been determined.

These activities will be undertaken by IEPA personnel authorized to conduct such inspections under the statutory authority of TITLE I, Section 104(e) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) of 1980 as amended by the Superfund Amendments and Reauthorization Act (SARA) of 1986.

DSW 139334

Agency personnel will be contacting you in the near future to discuss program objectives and to establish a specific date for the sampling event. In the meantime, please contact me or Kenneth Corkill at 217-782-6760 if you have any questions regarding this matter.

Sincerely,

Thomas Crause, Manager
Site Assessment Unit
Federal Site Remediation Section
Division of Remediation Management
Bureau of Land
