Re: Mail Ehret Magnesia Mfg. Company

Your letter, December 27.

I am sure that you will realize it will be extremely difficult to differentiate between the type of information that Mr. Ehret should receive, and the type that should go to a licensee only.

In view of the fact that their financial arrangement is such that they practically control two accounts, which I hope will be licensees, it does not seem to me that there can be any great amount of harm done.

We will endeavor to carry this out in accordance with your wishes to the best of our ability, and only ask that in the event that something happens that information gets into the hands of the Ehret Company which is intended for licensees only, that you realize the difficulty of our position.

Very truly yours,

Donald Tulloch, Jr.
