a large crowd gathered on Marshall field, over a thousand rooters from Champaign being present. The gridiron was slippery from an early rain. Chicago made the only touchdown in the first half. Perkins went around Bebee for a run of thirty yards to Illinois' seven-yard line, and the remaining distance was made on straight bucking at tackle and center. Ellsworth kicked an easy goal.

Rain fell almost continuously during the second half. Once a spectacular run by Perkins carried Cook around with the ball to the danger line, but Illinois held and punted out of danger. Again Cook was circled, this time by Capt. Sheldon. Illinois held desperately, however, and at the finish, the ball still lacked three yards of being over. The ball changed hands several times in fumbles due to the dampness.

PRINCETON'S VICTORY.

Princeton, N. J., Oct. 25.—The Columbia football team was defeated here today by the Princeton eleven by the score of 21 to 0, in the hardest game that Princeton has played this season. The feature of the game were the 45-yard run by Foulke.

CORNELL WON.

Ithaca, N. Y., Oct. 25.—The score of 57 points to 0 tells the story of the Cornell-Oberlin game on Perry field today. Early in the game, Cornell's superiority was manifest, and after Coffin had kicked goal from place and Sheble had been sent over for a touchdown, from which Coffin kicked goal, the visitors lost heart, and Cornell scored at will.

DEFEATED RELIANCE.

University of California, Oct. 25.—The University team defeated the Reliance eleven by the score of 17 to 0 on the campus today. The 'varsity team was almost the same as the one which will meet Stanford in the intercollegiate game. Twelve points were scored in the first half.

In the second half the second eleven of the university was played. The great surprise to the large crowd was that the collegians were able to make a touchdown against the clubmen, making the score 17 to 0.

SECRET TREATY WAS TO MAKE TROUBLE

New York, Oct. 25.—In reference to the secret treaty just made public between Chile, Colombia and Ecuador, La Prenza publishes an editorial saying that Chile endeavored to gain influence over Colombia and Ecuador to provoke difficulties with Peru, cables the Herald correspondent at Buenos Ayres. This occurred while a conflict with Argentina seemed inevitable. Chile's proposal was meant to intimidate Peru, and even to induce the two republics to declare war with the object of preventing Peru interfering with the Argentine conflict.

La Prenza declares that the concession to the transport of troops and arms over the isthmus had for its object the provoking of interference by the United States because Chile knew perfectly well that the American government would not approve of the concession.

A MISSIONARY'S DEATH.

New York, Oct. 25.—News has been received by Alfred Rue of Cranberry, N. J., announcing the death in China of his daughter, Sadie, the wife of Rev. John Murray, an American missionary. She started for China on her wedding day, Sept. 6, 1876. Her three sons are at college in this country.

tools and appliances has been put into our new manufacturing shop; run and lighted by electricity. There is not a jewelry store in San Diego or Los Angeles that has a manufacturing outfit equal to it. We are sending another order for tools and machinery that will cost several hundred dollars more. Seeing is believing. Remember we are the only jewelers in San Diego that invites public inspection behind the scenes. Thirty years' business experience tells us that the public demands truthful advertising. We court investigation, comparison and criticism.

Painting a Pleasure

A pure paint made of Lead, Zinc and Linseed Oil is easily applied; it looks well after being applied, and the party applying it feels delighted with results. New Era Paint is made of Lead, Zinc and Refined Linseed Oil, and nothing else, and is as good a paint as can be made. It costs no more than inferior goods. Buy New Era Paint.
