Hi [REDACTED]

Yes, that's correct. The start of the consultation is dependent on the decision of the committees on conformity; so we would need to caveat this.

[REDACTED] will manage the comms, as previously (I copy [REDACTED] in).

Hi [REDACTED]

I hope we will be able to go public. I am still waiting for confirmation of DK and I am trying to inform our parliament asap.

So if I understand correctly you will:

- Mention FFF dossier submission
- Pre-publication of dossier
- Formal consultation will start 23 March
- Scope UPFAS and possible new submission date

I will ask our communication department to contact yours, so they are aligned.

Kind regards,

[REDACTED]

Hi [REDACTED]

Yes we will publish a news release on the 23rd. There will also be a podcast for the same date with [REDACTED] [REDACTED]

We would cover revised substance scope of the UPFAS, but the extent that we cover the change of submission date would depend on whether you are ready to 'go public' yet.

When do you think you'll be able to confirm on this officially?

Dear [REDACTED]

Will ECHA publish a short news release on the top-page of the website in relation to the FFF dossier on 23th February?
Or will you only update the substance page/RoI/submitted restrictions?

Kind regards,

[Redacted]
