TO C SCHROCK F4WB ST LOUIS

I HAVE RECEIVED SOME DATA VIA ANTWERP PLANT OF THE ST LOUIS AREA WASTE INCINERATOR PROJECT. WE ARE DOING A STUDY FOR A SITE INCINERATION PLANT FOR ANTWERP, ONE OF THE WASTES WILL PROBABLY BE THE TARS EXLUWA BOTTOMS FROM SANTOFLEX. ANY INFORMATION YOU COULD SUPPLY ME ABOUT THE TECHNOLOGY THAT IS PROPOSED FOR ST LOUIS WOULD BE APPRECIATED./E.G. TYPE OF BURNER SPEC OF TARS, TEMPERATURE/. HAVE ANY TESTS BEEN DONE BURNING TARS WITHOUT DILUTING WITH ORTHER RESIDUES?
