CUT THE COST OF PAINTING YOUR HOUSE

SWP
HOUSE PAINT

You might as well have the best because you actually pay for it anyway—in the long run. Your house looks better when you paint with SWP and the paint job doesn't cost any more because SWP goes so much further than cheaper paint—covers half again as much surface to the gallon.

SWP gives you your favorite color scheme, cleaner and more attractive than any cheap paint possibly can—and, what's more important—the colors last! Long after the cheap paint job has taken on the appearance of a pair of faded overalls you can wash the dust off an SWP paint job with plain soap and water and the colors will come up fresh and bright.

Use SWP and have the best painted house in the neighborhood. SWP looks the best, costs the least and wears the longest.
