Dear Mr. de Jong – I am writing in response to your recent email requesting a meeting with EPA Administrator Pruitt to discuss your interest in the Mississippi Phosphates site. As you may know, Administrator Pruitt has made EPA's land cleanup programs one of his priorities, and I have been asked to follow up and get more information. I would like to set

up a call in advance of scheduling a meeting with the Administrator to better understand the issues surrounding the site from your perspective. I have copied Larry Starfield, the acting Assistant Administrator for the EPA Office of Enforcement and Compliance Assurance, who has familiarity with the previous negotiations. Please let me know some potential dates and times for a call. Thanks. -- Byron
